Package summary

Words	Questions	Options	Question mix	Source evidence
445	445	670	112 single-choice; 111 each fill-blank, true/false and short-text	Each record carries false-friends and TEM4 PDF page references.

Review ordering: 62 critical records are listed in the workbook review queue. Priority is a routing aid, not a correctness verdict.

Reviewer instructions

1. Verify the French headword, Chinese gloss and false-friend distinction against the cited source pages.
2. Check prompt language, distractor plausibility and answer key; record a decision in the workbook.
3. Resolve every revise/reject item before any preflight or database action.
